EXPERIENCE

Matt Fracassini joined The Lighting Practice in 2015. He has a Bachelor of Architectural Engineering with an emphasis in Lighting Design from The Pennsylvania State University. Matt's focus is designing attractive, coherent, and energy-efficient lighting with advanced lighting control solutions. His project experience includes corporate, healthcare, laboratories, financial institutions, and higher education environments. In his role as Associate, he leads The Lighting Practice in sustainable design through thoughtful and imaginative approaches that transform the built environment and limits impact on the planet. Matt oversees the development and refinement of sustainability goals, establishes achievable sustainability metrics and processes as well as leading intra-office and client-facing opportunities for sustainability education.
