

CAITLIN M. BUCARI

Senior Lighting Designer

Experience:

Caitlin Bucari joined The Lighting Practice in 2015. With a background in interior design, Caitlin was drawn to lighting because of the opportunity to be involved in a wide range of projects across the design and construction industry. Her decision to pursue lighting design has allowed her to expand her expertise beyond interiors to include exterior façade and landscape lighting. Prior to joining TLP, she worked as a lighting designer for another Philadelphia area lighting design firm. Her project work includes corporate, mixed-use, retail, multi-family residential and hospitality environments. Caitlin loves creating – whether she is designing lighting, sewing, painting, cooking or gardening – she likes to figure out how to make things and incorporate her own personal touch.

Education:

Bachelor of Science in Interior Design, Drexel University
