EXPERIENCE

Angela Banner joined The Lighting Practice in 2018. She previously installed temporary lighting for monuments at the Laurel Hill Cemetery in Philadelphia, which was her introduction to lighting public spaces. Angela was inspired to pursue lighting design as a career while attending Philadelphia University, now Jefferson East Falls. Through industrial design she learned how lighting can walk the line between art, design, and cutting-edge technology. Since joining TLP, Angela's project experience includes a variety of retail, corporate, academic, and historic environments and outdoor public spaces.
