

## EVAN C. WILSON, MIES, EDAC, LEED AP BD+C

Lighting Designer II

### Experience:

Evan Wilson joined The Lighting Practice in 2017. He started his career in entertainment, working for small theater and dance companies around Philadelphia. Evan transitioned to architecture while working for a Philadelphia lighting firm. While earning his master's degree at Rensselaer Polytechnic Institute, Evan gained experience on the research side of the industry in topics that include human factors and circadian stimulus, optics design and modeling, industry applications for 3D printing, and the development of metrics for backlit signage. As a designer with TLP, Evan's project experience has expanded to include corporate, healthcare, hospitality, multi-family residential, places of worship, retail, and transportation. He earned an Evidence-Based Design Accreditation and Certification (EDAC) and serves as an advisory member of the Illuminating Engineering Society's (IES) Healthcare Facilities Technical Committee.
