

BRANDON D. LESTER
PRODUCTION ASSISTANT

YEARS OF EXPERIENCE: 4
YEARS WITH FIRM: 4

EXPERIENCE

Brandon Lester joined The Lighting Practice in 2022 as Production Assistant. After graduating with a Bachelor of Science degree in Hospitality Management, he worked in many hospitality venues, where he learned the impact lighting design has on hospitality environments and how it affects people's experiences in those spaces. As a Production Assistant, Brandon documents lighting layouts, elevations, selections and lighting details. In this position, he collaborates with project teams to establish documentation timelines, interprets design information and executes redline mark-ups, and more. When he is not supporting our lighting designers as Production Assistant, Brandon enjoys being outdoors, playing pool, sketching urban architecture and travelling.

EDUCATION

Bachelor of Science in Hospitality Management, University of Central Florida
