EXPERIENCE

Leo McIlvain joined The Lighting Practice in 2023 as a Designer where he works with TLP's Special Team for Target. Leo is currently pursuing a Bachelor of Architecture degree at Drexel University, where a lighting course piqued his interest in how versatile and impactful lighting can be in influencing the quality of a space. In his role, he coordinates with allied team members, performs documentation of design and construction administration tasks. When Leo's not designing lighting, he enjoys biking, crocheting, and photography.
